## Communiqué 52

### To all Sasria Agents and Intermediaries

#### Selection of cover under Group Scheme

Following requests from the industry to review the applicability and practicality of the Group Scheme Regulations, we are pleased to announce the amendments made in keeping with the current industry environment.

The key purpose of having Group Scheme Regulations was to ease the burden in administration of the Sasria business by the distribution channel.

Historically the Group scheme Regulations did not permit selection of cover by customers within a particular Group scheme. Effective 1<sup>st</sup> of December 2015 Sasria is now permitting selection of cover under Group Schemes. Selection is permitted where it can readily and undisputedly be shown to which property /risk / items Sasria cover is applicable, as well as how the Sum Insured for Sasria purposes is calculated according to the underlying policy and the property/ risk/ items selected for Sasria cover. All other Group Scheme Regulations remain the same.

The enhancement applies to all new business, renewals and endorsements. Sasria would like to extend its appreciation for feedback from all parties in the value chain.

Kindly distribute the copies of this communication as widely as possible in your organization.
