### **NEW SASRIA WEB-BASED RATES CALCULATOR**

Sasria is thrilled to introduce the newly refurbished Web-based Rates Calculator!

The rates calculator is effective 1<sup>st</sup> April 2018 and all other calculators are retracted.

The improved calculator is accurate, easy to use and convenient for you our stakeholders. We hope with the improvements made, this will enable you to seamlessly, accurately and efficiently deliver to our mutual stakeholders, the clients.

The following apply pertaining to the calculator:

- Agents who have yet not built the 15% onto their systems should use the new calculator;
- Agents who are developing the new rates on their system should request the rates from Sasria and this will be included in the dispensation process as monitored by Customer Relations Managers;
- Agents who have already incorporated the 15% VAT increase on their system should request Sasria sign off for correctness of the rates

The calculator is now live on the Sasria website and can be accessed on <https://www.sasriaratescalculator.co.za/>

We encourage you to resume making use of the new calculator and welcome your feedback to allow us to further improve our systems that will in turn enable you to even better service our mutual clients.

Should you have further queries or require assistance, please do not hesitate to be in contact with our Information Technology Manager - Ivan Scodeggio on [ivans@sasria.co.ca](mailto:ivans@sasria.co.ca) or contact 011 214 0800.

Kindly distribute copies of this communication as widely as possible within your respective organisation.
