BUSINESS INTERRUPTION REGULATIONS

(GROSS PROFIT, STANDING CHARGES / WORKING EXPENSES AND/OR NET PROFIT ONLY)

This Section of the Regulations is separated into:

- A. General Business Interruption (Gross Profit, Standing Charges / Working Expenses and/or Net Profit only) Regulations
- B. Coverage
- C. Rent Regulations
- D. Multimark Regulations
- E. Assets Policies Regulations
- F. Personal Lines Regulations
- G. Project Delay Regulations (Advance Standing Charges)

You are advised to be fully acquainted with the General and Coverage Regulations sub-section before issuing any Sasria **Business Interruption Policy**.

A. GENERAL BUSINESS INTERRUPTION REGULATIONS

1. POLICIES TO WHICH THESE REGULATIONS

APPLY This section of the Regulations includes:

(i) MULTIMARK

FIRE SECTION – RENT CLAUSE ONLY)	As insured in terms of
BUSINESS INTERRUPTION SECTION)	the S.A.I.A. approved
ELECTRONIC EQUIPMENT SECTION)	Multimark Policy.

(ii) ASSETMARK, ASSETS OR OTHER MULTI-RISK POLICIES

(iii) PERSONAL LINES

(iv) PROJECT DELAY (ADVANCED STANDING CHARGES)

The **Sasria Business Interruption** covers are provided by the issue of a Sasria **Consequential Loss Policy** which only covers **Gross Profit, Standing Charges / Working Expenses and/ or Net Profit**.

Since the Sasria Business Interruption Policy is a ‘stand alone’ document, there is no need for an underlying Business Interruption Policy. The Sasria **Business Interruption Policy** only requires a Sasria Material Damage Coupon to be in force and, in the event of a claim, that Sasria have accepted as valid, the loss or damage claim in terms of the corresponding Sasria Material Damage Coupon. In addition, it is not necessary for the Sasria Material Damage Coupon, and the Sasria Consequential Loss Policy to be issued by the same Non Mandated Intermediary.

It is possible that the Insured could have various Indemnity Periods for their various business entities. In these circumstances it is recommended that a separate Sasria **Business Interruption Policy** be issued for each Indemnity Period. This will assist the Non Mandated Intermediary, Broker and Sasria to administer any claim speedily.

2. DEDUCTIBLES/FIRST AMOUNTS PAYABLE

There are no Deductibles applicable to Sasria **Business Interruption Policies**.

Deductibles applicable to the Insured's Fire Business Interruption Policy or their Sasria Material Damage Coupon (as a Voluntary Deductible) are not imported into the Sasria **Business Interruption Policy**.

The Sasria **Business Interruption Policy** may be subject to its own Voluntary Deductible.

3. MAKE SURE THAT THE CORRECT POLICY SCHEDULE IS ISSUED

In this instance we must bring to your attention that there is a great difference between the Standing Charges Schedule and the Working Expenses Schedule.

3.1 Gross Profit

Insurance gross profit is defined as: turnover less purchases, bad debts and any other expense deemed variable (adjusted for year end stock and work in progress variation).

The Policy Number is identified as "**GP**" and applies to those covers arranged to cover only GROSS PROFIT of the Insured's Business.

It is important to note that Gross Profit should be insured in the following manner:

Sasria Standing Charges/ Working Expenses and Sasria Net Profit, the values for both policies need to show the combined sum insured and be applied with the rate to get to the premium. The rate applied is the same as for SC/WE and NP.

3.2 The Working Expense Schedule:

This basis is by far the most satisfactory method of arranging this cover. The Schedule is identified by the "**WE**" which forms part of the Policy Number.

Only those Expenses mentioned are not covered. All other Fixed Expenses are covered.

3.3 The Standing Charges Schedule:

The Policy Number is identified as "**SC**" and applies to those covers arranged to cover only certain fixed expenses/standing charges of the Insured's Business. **Those not mentioned will not be covered.**

3.4 The Net Profit Schedule:

The Policy Number is identified as "**NP**" and applies to those covers arranged to cover only NET PROFIT of the Insured's Business.

The limit for the net profit would need to be listed on the Sasria Policy, whether it is insured with Standing Charges or Working Expenses.

The net profit(NP policy) can be insured on a standalone basis and with the Standing Charges / Working Expenses Sasria policy, under the SC/WE Sasria policy.

Sasria does not provide cover for Contingent Business Interruption.

It is important to realise that most Insureds prefer the Working Expense basis of cover, due to its administrative simplicity.

NOTE: The Insured need not have a Fire Business Interruption Policy to effect this coverage.

Nor is it important that the Fire Material Damage Business Interruption Policy and the Sasria **Business Interruption Policy** are arranged on the same basis, i.e. both on a Standing Charge basis.

A separate Schedule is issued for the **Project Delay** coverage (Advance Standing Charges). Refer to sub-section G of this Section

No other Schedules are acceptable.

4. BUSINESS OF THE INSURED

The Sasria **Business Interruption Policy** is no different from the Fire Business Interruption Policy in respect of identifying the Insured's Business activities. However it is more important to identify all the Insured's business activities on the Schedule of the Sasria Business Interruption Schedule, since Sasria do not have access to the Non Mandated Intermediaries underwriting files. In fact Sasria requires that the Schedule sets out all the business activities that are to be covered.

Under no circumstances may a general statement, like 'all legitimate business activities of the Insured', be entered on the Schedule. Such general statements could result in the coverage being considered void and premium paid for the Period of Insurance that involved the claim could be refunded by Sasria.

In this regard we must mention that if for example, a minor part of the Insured's business is involved in Property Owning, and this activity is not recorded on the Schedule, any Property Owning Business Interruption claim would not be considered by Sasria.

5. PREMISES OF THE INSURED

Due to the requirement that a Sasria Material Damage Coupon be in force, the Sasria Business Interruption Policy will be limited to those premises defined in terms of the corresponding Sasria Material damage Coupon.

The following description of the Insured's premises is permissible

"All premises, as defined in the corresponding Sasria Material Damage Coupon, owned or occupied by the Insured for the purpose of the Business situate in the Republic of South Africa."

6. INDEMNITY PERIOD

It is not the intention, of these Regulations, to explain the operation of the Indemnity Period.

The minimum Indemnity Period is 12 Months and the maximum period is 60 Months, other than in respect of the Material Damage Rating Category F1 where the maximum period is 48 Months.

Sasria strives for excellence, should we fail to deliver on our service promises, please email your complaint to contactus@sasria.co.za

Where the indemnity period is less than twelve, the rate levied will be the same as the rate as a policy with 12 months indemnity
